TESTIMONIAL HIP HOP ARTIST

MR. TRAVIS

BIO

Mr. Travis, a testimonial hip hop artist and entertainer, was born and raised in the southern soulful city of Augusta, GA. Having endured many of the typical trials, tribulations and adversities that often come with growing up in the inner-city, Mr. Travis has made it his mission to use his life lessons to make a positive impact on the youth and others who may need inspiration in these not so hopeful times. These lessons reverberate through the messages in his music, which is masterfully presented in a voice and style laced with truth, reality and an unrelenting spiritual reverence to Jesus Christ. Through his authentic approach and unique style, which combines realistic street appeal with poignant Christian undertones, Mr. Travis is ushering in a completely new genre of music - Hip Hop Testimonial.

Mr. Travis is available for shows, youth speaking opportunities, interviews and creative media appearances. For booking and other information, contact: info@therealmrtravis.com
